

IDP Smart 31 Installation Guide & User Manual

Thank you for purchasing the Smart 31 ID Card Printer from Vision

IDZ.

If you purchased the 'Smart 31 Starter Pack' then you will have

received the following items:

- IDP Smart 31S card printer
- Colour Ribbon (YMCKO)
- 2 packs of white PVC cards
- CardPresso (XXS Edition) card design software (USB Drive licence)
- Cleaning Card

Get up and running in minutes by following these 3 easy steps

1) Watch this video to install the ribbon and cards into the printer.

Please remove the PVC cards from the celophane wrapping and also

remove the protective film from the black cleaning roller (the video

doesn't clearly show this)

NOTE, do not connect the printer to the PC yet. Proceed to Step 2

before connecting the printer to the PC.

2) Download and install the Smart 31 Printer driver.

Download and install the Smart 31 Driver from the [IDP Download](#)

[Page.](#)

The last step of the installation will ask you to connect the printer to

the PC.

Go ahead and connect the printer to the PC now, using the USB

cable (supplied).

3) Install CardPresso card design/printing software.

a) Download latest version of CardPresso from the CardPresso

download page : <https://www.cardpresso.com/downloads-cp>

b) Activate your CardPresso user licence by plugging in the

CardPresso USB drive (supplied) into your PC, and keep it plugged in

whenever you print cards.

c) Create your card design template - you can refer to our

"[CardPresso Getting Started with your first design template video](#)".

IDP Smart 31 User Manual

Download the Smart 31 User Manual from [IDP Download page](#) , look for '***SMART-31 User Manual***'
