smart 51 KIOSK CARD PRINTER

Compact and Reliable design

Using the compact SMART-51 printing engine constructed with a metal frame and steel ball bearings, SMART-51 Kiosk card printer is designed to fit into various types of self-service Kiosks.

Scalable Capacity

Optimize your capacity and card selection by selecting from 1 up to 4 detachable input hoppers holding either 300 or 500 cards each.

Options

Single sided or dual sided SMART-51 Kiosk card printer can be equipped with magnetic stripe, contact and contactless encoders. Transparent card (with magnetic stripe) printing is supported as a standard feature.

Convenient integration

Using IDP's exclusive SDK, the SMART-51 Kiosk card printer can be easily integrated into integrators application. Integration includes convenient printer operation status information for easy maintenance.

※ SMART-51DK 2 Hopper system with 300 cartridge

- Up to 4 Selectable Hoppers
- 300 or 500 cards Refillable Cartridge
- Compact and Reliable design
- Single or Dual sided card printer

High capacity, flexible and reliable card printing module for various Kiosks solutions.
